Taylor, PA 18517

Dear Mr. Kavulich:

Congratulations! The Pennsylvania State Education Association (PSEA) has recommended your candidacy for the Pennsylvania State House in the upcoming November 2, 2010, election. For purposes of clarification, a recommendation is synonymous with an endorsement.

PSEA represents more than 191,000 individuals, many of whom live in your legislative district, committed to the advancement of public education. Our membership includes teachers, retired teachers, student teachers, health care workers and public support professionals including food service workers, secretaries, teaching aides, transportation workers and custodial workers among others.

As a professional organization and union, we recommend candidates based upon their views on public education, health care, and labor. We also review incumbents' voting records, candidates' professional accomplishments, public comments and their advocacy and commitment to PSEA members.

Our members dedicate their professional lives to educate and nurture the students of this Commonwealth. Further, many of our members are active participants and community servants in virtually every, village, borough, township and city in this state.

A PSEA-PACE check has been sent to you under separate cover. We trust you will put it to good use as your campaign progresses. Once again, congratulations on your recommendation and best wishes to you in the general election.

Sincerely,

Joseph Scheuermann
President, PSEA-PACE

Lisa Barrett
Region Pace Director
